Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been taking time-released natural progesterone through Madison Pharmacy for the past 5 years and it has literally saved my life. I have not been able to find similar compounds locally and therefore ~~highly~~ highly depend on their services. Please, please do not restrict my right to obtain this medication that I so greatly need. A lot of women will suffer if your plan of action becomes reality!
